"A-Z Product Solutions for Trade and Industry"

Aquatec Rope is made from PE and PP fibres, specially processed to combine the key features of each individual fibre. The end result is a high strength, high abrasion resistant fibre rope to meet the rigors of diverse applications. Apart from being an effective rope used in the marine industry, we have found this rope to be a popular and cost effective choice by professionals in the cable hauling industry.

Sizes range from 4mm through to 40mm. We can arrange for the rope to be supplied on a wooden drum, have soft eye splices, thimble eye splices, long splices (joins), should longer continuous lengths be required.

Code	Diameter	Coil weight	Tensile strength	Coil Length
S0430	4mm	1.5kg	214kg	250m
S0635	6mm	4.3kg	601kg	250m
S0819	8mm	7.6kg	1200kg	250m
S1054	10mm	11.4kg	1800kg	250m
S1261	12mm	16.5kg	2700kg	250m
S1429	14mm	22.8kg	3600kg	250m
S1634	16mm	28.9kg	4500kg	250m
S2015	20mm	45.7kg	6900kg	250m
S2414	24mm	66kg	9900kg	250m
S2814	28mm	80kg	10703kg	250m
S3205	32mm	103kg	13455kg	250m
S4001	40mm	161kg	25700kg	250m

Features and benefits;

- Abrasion resistance
- High strength to weight ratio
- Shock load resistant
- UV resistant with excellent weathering properties
- Excellent knotting and splicing capabilities

- Not affected by water and will float.
