### **Bell Mouth Cable Guide**

Our cast alloy Bell Mouth Cable Guides are used in lieu of Conduit Slippers for entry runs into conduit.

The hinged section allows for easy removal of the Bell Mouth once your cable has been installed into the conduit.

The powder coated finish provides a less abrasive surface for cable entry making this product popular when installing softer sheathed cables such as fibre optic. The Bell Mouth design allows for your cable to enter the conduit from any direction with ease.

VAN-BM095	SUITS 100MM CONDUIT	WEIGHT 2.5KG
VAN-BM115	SUITS 125MM CONDUIT	WEIGHT 3.0KG
VAN-BM140	SUITS 150MM CONDUIT	WEIGHT 3.5KG

**Bell Mouths are inserted inside the conduit so ensure your conduit's internal diameter is greater than your selected Bell Mouth.**
