## **ASBESTOS HANDLING PPE KIT**

The health hazards of asbestos fibres is well documented. We have put together an asbestos handling PPE kit that will aid in the welfare of field staff when handling or preparing for the disposal of this material. All products can be purchased separately.

Our kit includes the following products...

- 1/ Qty 10 x asbestos removal bags clearly marked that the contents contain asbestos.
- 2/ Qty 10 x P2 disposable dust mask suitable for use when working with asbestos.
- 3/ Qty 2 x pairs clear safety specs.
- 4/ Qty 2 x pairs cowhide riggers gloves.
- 5/ Qty 2 x pairs disposable overalls with hood, elastic wrist and ankle cuffs
- 6/ Qty 10 x pairs disposable over boots.
- 7/ Qty 1 x Roll Duct tape used to seal asbestos bags.
- 8/ Qty 1 x Asbestos Removal in Progress "A" Frame Sign

**Please note that there are certain guidelines and processes that define the correct method for asbestos handling.**

**The above kit is compiled to provide basic personal protection of field staff when working in this environment.**

**There may be other equipment required as job requirements will vary. Detailed information and work practices for asbestos handling is not included in our kit and should be independently obtained before undertaking this work.**
